Preparation Course Description

Classes cover preparation for the CSI CDT Certification

Preparation course cost is \$150 for CSI Members and \$180 for Non-CSI Members.

Courses Materials

Course instruction and certification exams focus largely on the CSI Project Resource Manual. It is a valuable asset for course and exam study, as well as personal practice. The Cook Inlet Chapter will offer a limited supply of the PRM's for purchase by course attendants at a discounted rate. CSI Member retail pricing for the manual is approximately \$250. Discount pricing will be determined at a later date. Please indicate below if you are interested in purchasing a personal copy

Certification Exams

Registration forms and exam fees for the CDT, CCS, CCCA & CCPR Certification Exams must be submitted separately through the national office of CSI. **NOTE – EXAM REGISTRATION DEADLINES ARE INDEPENDENT OF PREPARATION COURSE DEADLINES, and early registration discounts apply to exam only. The early registration deadline for the March 29-April 3, 2010 exam window is January 29, 2010 and final is Feb 26, 2010.**

Note: All CSI exams have moved to Computer Based Testing and are offered at computerized testing locations throughout the U.S. twice a year. Candidates are cautioned to complete exam registration early. Confusion in the past has resulted in class attendants becoming ineligible to sit for certification exams. For more information and brochures, visit the CSINet Web Site at www.csinet.org and follow the links for Certification, or call 1-800-689-2900.
