

2018 CSI Certification Exam Prep Course

Sponsored by Cook Inlet Chapter CSI

The annual CSI CDT Certification Exam Preparation Course will begin on February 22, 2018 and run until March 22, 2018. Classes are planned for Tuesday and Thursday evenings from 6:00PM – 9:00PM at Coffman Engineers Annex Office, 519 West 8th Avenue, Anchorage, AK 99501. Parking will be available at the Main Coffman Office, 800 F Street, Anchorage AK 99501. CDT exams are scheduled from March 27 – June 2, 2018 at Prometric Test Centers located in Anchorage and Fairbanks. Course registration will be open until classes begin.

Preparation Course Description

Classes cover preparation for the CSI CDT Exam
Certification Preparation course cost is \$175 for CSI Members, \$225 for Non-CSI Members
AIA Continuing Education Learning Units will be available.

Courses Materials

Course instruction and certification exams focus largely on the CSI Project Delivery Practice Guide (PDPG). It is a valuable asset for course and exam study, as well as personal practice. The Cook Inlet Chapter is attempting to offer a limited supply of the PDPG's for purchase by course attendants at a discounted rate. CSI Member retail pricing for the manual is approximately \$99 plus shipping. Discount pricing will be determined at a later date. Please indicate below if you are interested in purchasing a personal copy. You may take the course without taking the exam.

Certification Exams

Registration forms to take the exam and exam fees for the CDT, CCS, CCCA & CCPR Certification Exams must be submitted separately through the Institute office of CSI. You can get information and forms under the Certification tab at www.csiresources.org. **NOTE – EXAM REGISTRATION DEADLINES ARE INDEPENDENT OF PREPARATION COURSE DEADLINES, and early registration discounts apply to exam only. The standard registration deadline for the March 27 – June 2, 2018 exam window is February 28, 2018** and Final Registration is from March 1 – March 16, 2018. There is a substantial increase between the Standard and Final Registration rates so you will want to register as early as possible.

Note: All CSI exams have moved to Computer Based Testing and are offered at computerized testing locations throughout the U.S. twice a year. Candidates are cautioned to complete exam registration early. Confusion in the past has resulted in class attendants becoming ineligible to sit for certification exams. For more information and brochures, visit the new CSI web site at www.csiresources.org and follow the links for Certification, or call 1-800-689-2900.
